

# Library•Solution®

Please your users and assist your staff with Library•Solution, TLC's turnkey, integrated automation system.

Library•Solution features the familiarity of Windows® and Web interfaces, so your users have no learning curve to delay their enjoyment of the new system. These and other features make your job easier and your borrowers' use of the library more rewarding.

Thousands of library sites around the world have chosen Library•Solution because it features:

- Customizable interfaces
- Minimal system administration
- Automatic authority control and updating
- Streamlined technical services
- Reports Manager
- Real-time inventory
- Automatic backups
- Active Directory integration availability

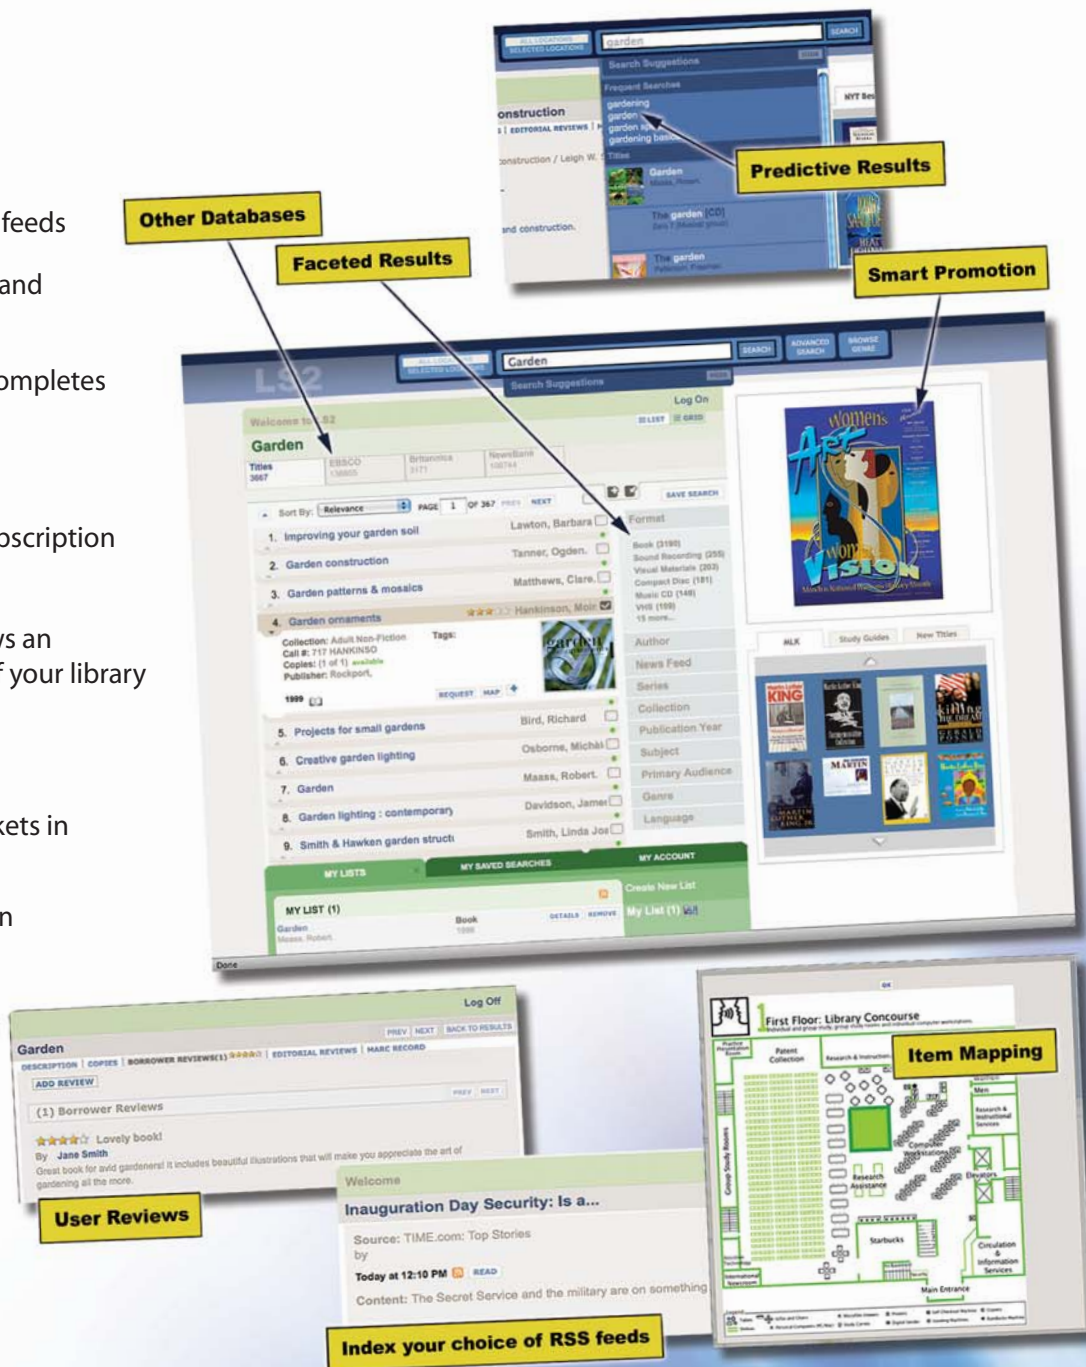

Library•Solution also serves as the platform for TLC's next-generation LS2 products, including **LS2 PAC**, **LS2 Kids**, and **LS2 Mobile**. Library•Solution is a sustainable, affordable investment that will pay dividends for years to come!

## LS2 PAC: Beautiful Search Interface

Take your system and your patron services further by choosing LS2 PAC as your Library•Solution search interface. LS2 PAC offers experiences similar to those found in the best Web 2.0 applications. Popular features include:

- Tagging
- List Sharing
- User Reviews
- RSS news and information feeds
- RSS indexing from popular and local Web sites
- Predictive Results, which completes search terms as you type
- Faceted Results
- Integrated searching of subscription databases
- Item Mapping, which shows an item's location on a map of your library
- Genre Browsing
- Book River, an eye-catching representation of book jackets in the library's collection
- Google Analytics integration
- E•Commerce available

## Library•Solution: The Right System for Your Library

Library•Solution is easy to use, rich in features, and low in maintenance – the automation system built for the staff and users of your library.
